

STARLINER

Enhanced fertilizer designed to impact overall nutrient availability and provide a healthier soil environment.

GUARANTEED ANALYSIS

Soluble Potash (K₂O).....0-0-2-1S
Derived from potassium hydroxide

DIRECTIONS FOR USE

STARLINER can be applied to most field and row crops, vegetable and cucurbit crops, deciduous fruit and nut trees, grapes, berries, olives, avocados and citrus. All foliar applications should be as a dilute spray. May also be applied directly to soils or injected through irrigation systems. May be blended into most liquid fertilizers or water (Always perform a jar test before mixing).

Mixing with irrigation water for field storage is generally not recommended. Products blended with irrigation water should be used immediately and not stored for prolonged periods. Repeat applications may be beneficial.

FOLIAR APPLICATION RATES

ALL CROPS: Apply 1 to 8 pints. Use enough water for thorough coverage, 10 gpa minimum. Repeat applications are beneficial. May be applied through center pivot irrigation systems.

SOIL APPLICATION RATES

STARLINER may be applied pre-plant, as a starter, side dress, fertigated, top dressed or banded to the soil. STARLINER may be used as a pop-up or in-furrow at 1 to 8 pints per acre. Reapplications may be beneficial after planting or as a broadcast spray with other fertilizers or water.

ALL CROPS: Apply 1 to 8 pints per acre.

GENERAL INFORMATION

STARLINER is a liquid concentrate fertilizer for foliar and soil use derived from potassium hydroxide.

STARLINER is non-phytotoxic when used as directed and is compatible with most commonly used pesticides and fertilizers.

CAUTION: Always check compatibility with other products prior to use. Do not mix with strongly acidic materials.

WARRANTY: Since weather, crops, soil and other conditions may vary, neither REDSTAR, nor the Seller make a warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risk of use and handling whether or not in accordance with directions or suggestions.

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. AVOID CONTACT WITH SKIN, EYES OR CLOTHING. In case of contact immediately flush skin, eyes or clothing with plenty of water for at least 15 minutes.

*Not all REDSTAR FERTILIZER products are compatible with one another or when mixed with other fertilizers and/or pesticides on the market. A small scale compatibility test is recommended prior to mixing.
